BOB SINGER AND WANDELT

Marie R. Harkins

Dear Bob:  
It seems as though I've known you for such a long time, and now you're leaving the store, and Chicago. The but I'll see you in Cass Lake. The very best of everything and more, to one of the nicest guys I know.  
Your friend,  
Marilynne

Dear Bob,  
You dirty bum, Burnie is still too close to Chicago to suit me. All seriousness aside though, I hate your guts (you fuck)  
Your buddy,

Ron Jacobek  
alias  
"DA FANTOM"

Dear Bob,  
The best of luck to a real swell guy.  
Claire

lots of fuck  
in the future.  
in the future  
in the future

To a real swell  
guy who I'll always  
remember.  
Love (Blondie)  
a 2x

Best of Luck  
to a real "Brain"

Hulker

To a swell guy  
that will always  
help a "leech"  
Ray Rudy

You need  
luck you  
might so  
yourself up  
Best wishes  
Wayne  
Paulsen

Best of Luck  
Bodine

Best.  
Good luck in everything  
you do because you  
deserve it & maybe  
someday you will  
graduate.

Best wishes  
Pat.  
Egg

To one of the more  
harder study boys.

*Reflections*

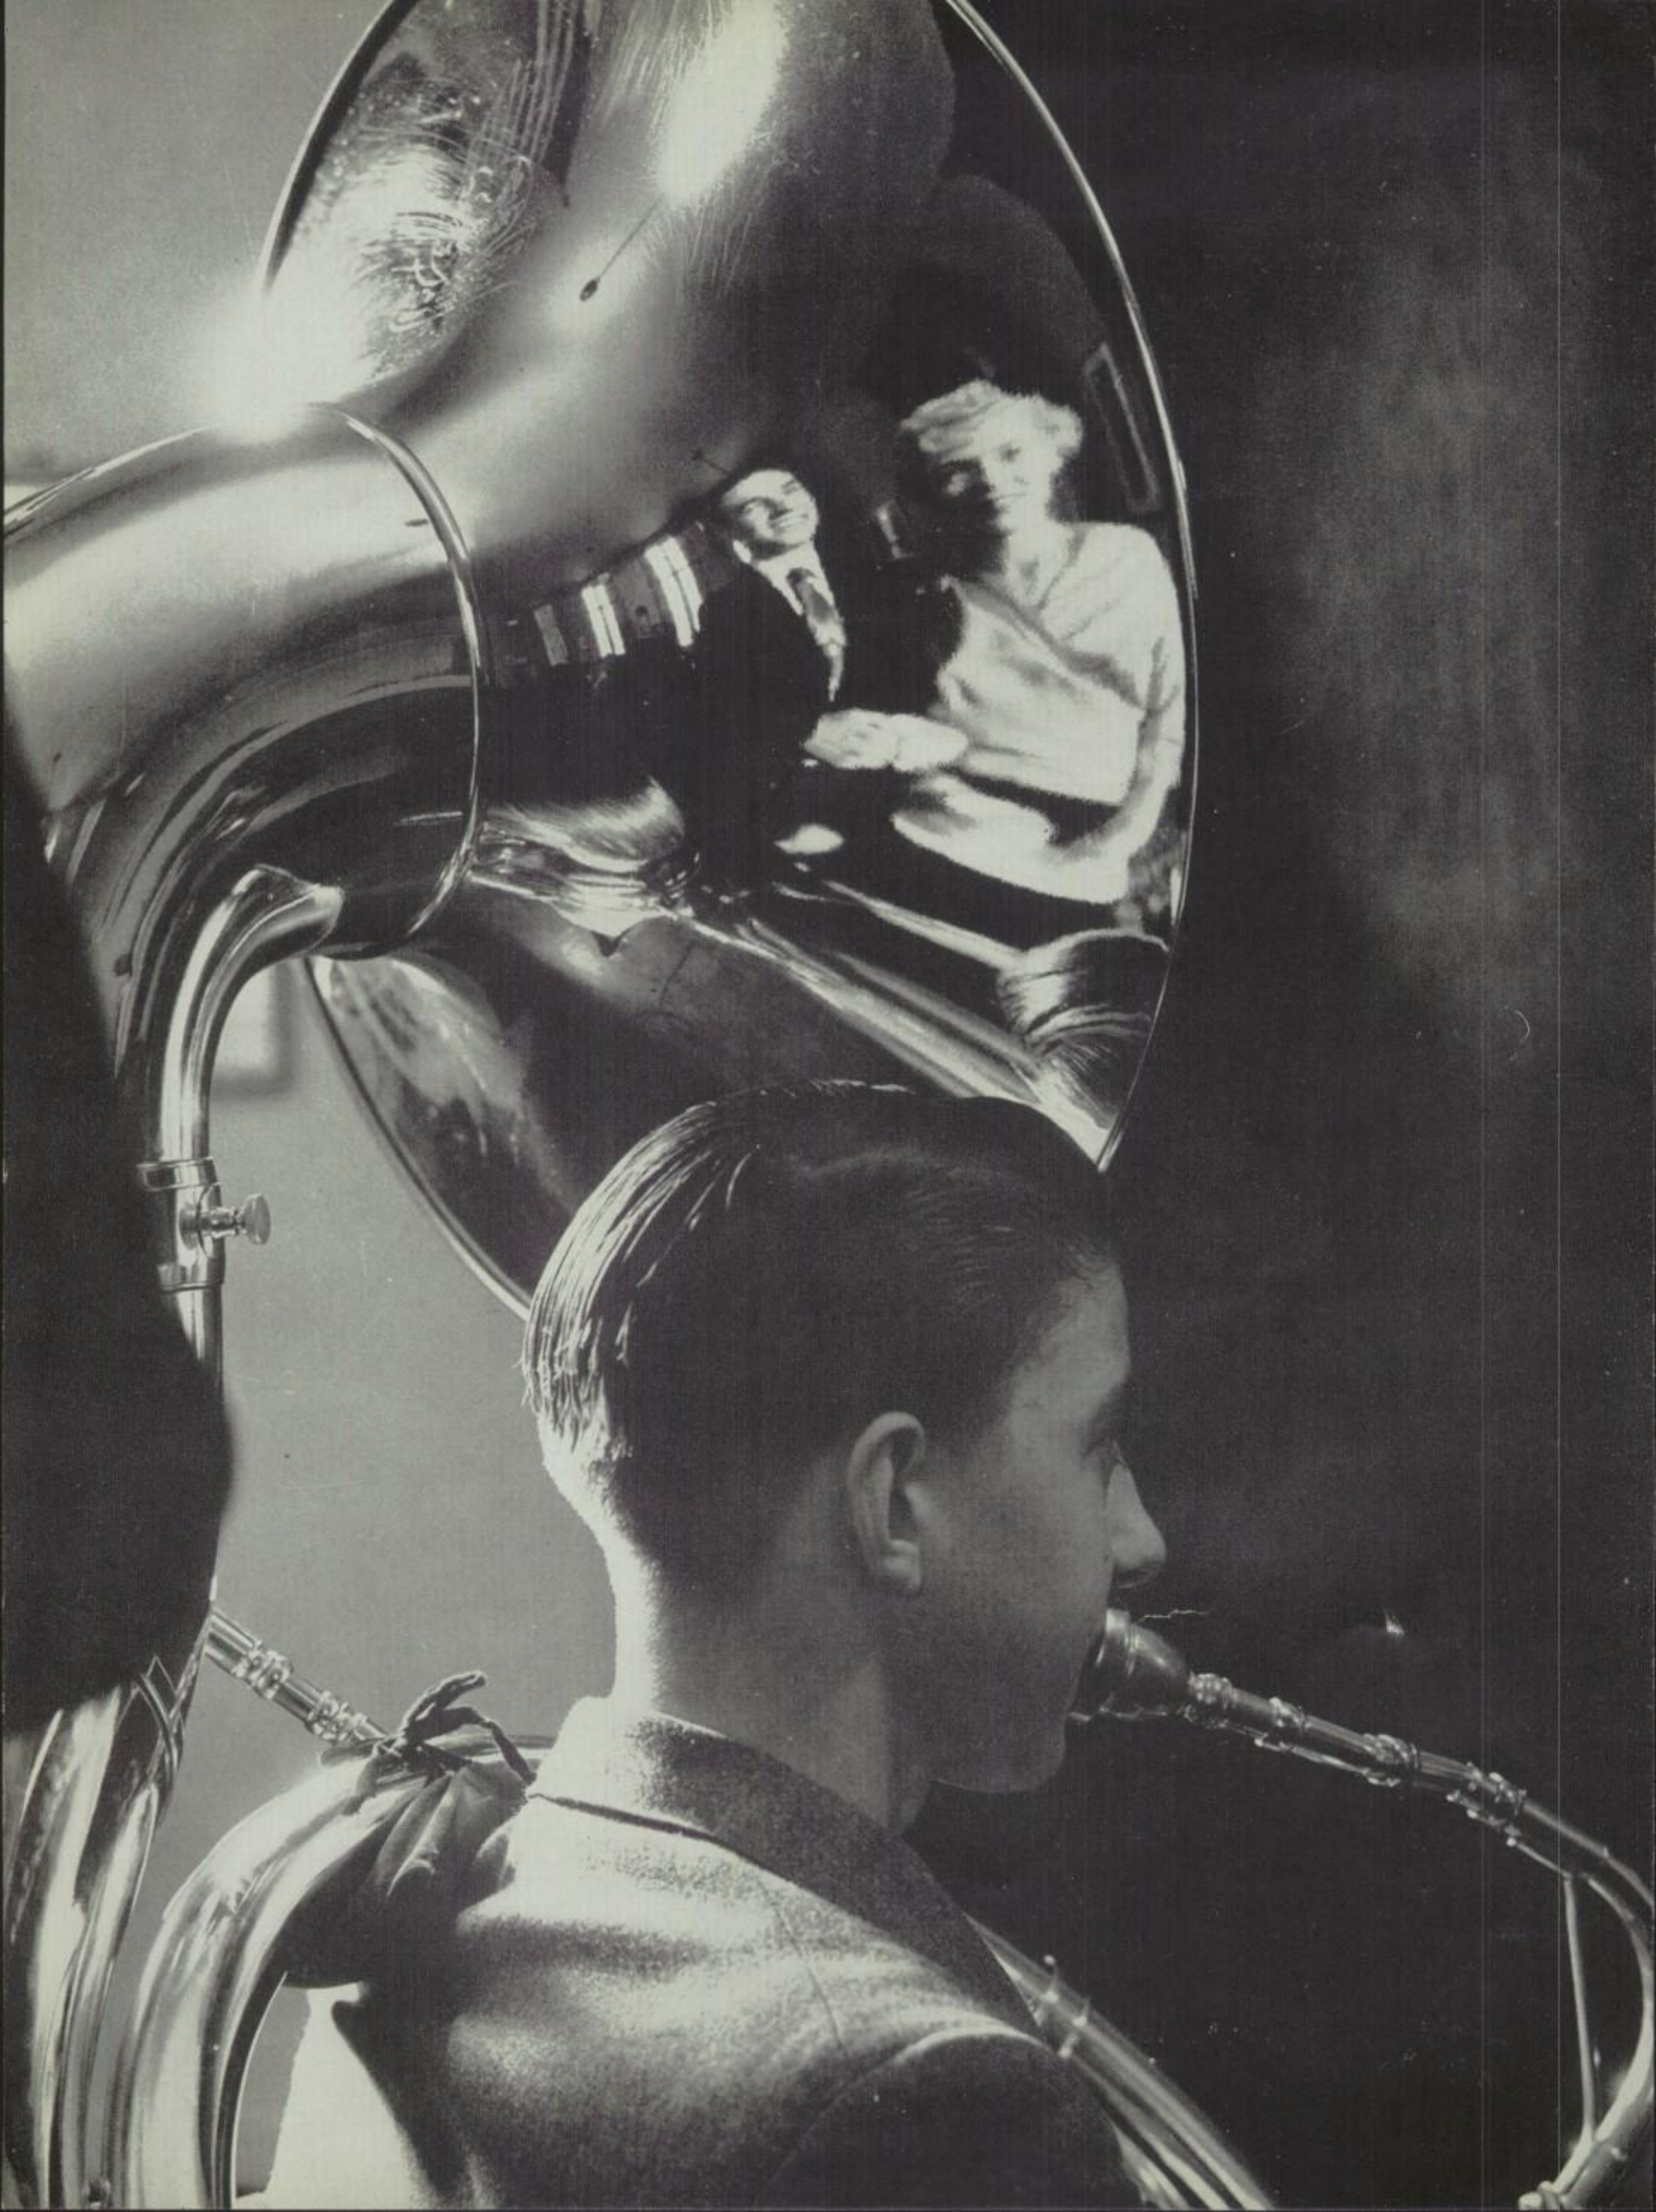

FOREMAN HIGH SCHOOL  
CHICAGO • ILLINOIS

# Reflections

Reflections are thoughts. Thoughts of the past year make us realize how quickly it has gone. Tense, once endless, moments have passed with the happy ones that we treasure and save.

Reflections are looking back. Certain days are important. The senior looks to the day when he was first recognized as a leader of the school; the junior to the day when he could proudly say, "I'm an upperclassman."; the sophomore to the day when he left the ranks of the lowly freshman; and the freshman to the first day in high school, when everything seemed so big and bewildering, and all of his friends seemed to have deserted him.

Reflections are contemplation. Considering what we have achieved in the past always makes us regret the time we have wasted. The heavy load of classwork is lifted now; for some it is the beginning of a new and different phase of life. School life seems sheltered and simple, decisions minor, and thoughts shallow compared with those of the graduating seniors.

Reflections cast back. We reflect everything we have ever been a part of. We reflect the people we have known, our close friends, and our school. In a real sense what we have become depends upon how hard we have striven, for Foreman has afforded us countless opportunities to better ourselves.

Reflections are never-ending. They are tinged with the nostalgia of yesterday, the necessity of today, and the hope of tomorrow. And may our reflections of the future be half as beautiful as those of the past.

## *George W. Connelly, Principal*

### A Salute to Our Graduates:

Every year at this time we look back over the recent past and engage in a little stock-taking. We tend to ask ourselves these questions: "Have you, our graduates, made the most of the educational experiences available to you? Are you ready for the next and biggest step of all?"

We have but to review the names of our graduates to receive our assurance: As a class you have worked hard; you are eager to prove that you are ready. You leave with our every good wish that you reap life's awards in good measure. Remember us as you build the future for which we have striven to prepare you. Godspeed!

Very truly yours,  
George W. Connelly  
Principal

## *Mr. Harry P. McHale, Assistant Principal*

Mr. McHale's friendly smile reflects his good spirit and genial personality. He is a friend to all the students and even though he has many duties he always has time to lend an ear to students' problems. He inspires the students' confidence because he is always sympathetic and helpful.

On his shoulders falls the responsibility of arranging the programs of the teachers and students, which is a mammoth task. He also plans the Activity Calendar, dates for parties, assemblies, and programs. He is in charge of the annual Alumni Reunion, which brings all former Foremanites together each spring. The Social Center has become increasingly successful through the constant efforts of Mr. McHale.

*Best wishes!*

# P.T.A.—A Vital Part Of Foreman

The Foreman P.T.A. has been active since 1929 and has a present membership of about five hundred with an average attendance of about forty. Foreman's P.T.A. holds membership in the National and State Organizations and brings to Foreman the current ideas on education.

The main goal of the P.T.A. is to achieve a better understanding between the home, school and community. The meetings, which are of interest and value to all, cover the various opportunities and organizations of the school.

The P.T.A. also sponsors many activities such as the Christmas Sale, Sweetest Day Sale and Bake Sale to help purchase needed equipment for the school. Their much appreciated gift last year was the amplifier for the Public Address system.

Through the years the P.T.A. has grown and developed and is now a vital part of our school program.

# Senior Night

The two social highlights of the year for graduating seniors are the prom and senior night. Throughout the year, the burden of classwork, and homework seems lighter because these special events are looming ahead.

The members of the graduating class may take part in the production, either in the capacity of actors, or behind the scenes. The undeveloped and unnoticed talent in the class comes to light. Some of the people who were merely casual acquaintances become close friends in the process of perfecting a production that all may enjoy and be proud of.

## JUNIORS AT LAST . . .

Upper classmen at last! No more being the underdog for them. Along with this they've gained a new prestige and enjoyed the many things that went along with being juniors. The girls were busy writing those odd signs that were really shorthand, but looked like something from outer space. When the boys played their first varsity game everyone realized how much more fun games could be when their own classmates were the stars.

As the year progressed their ideas became decidedly clearer on the things they planned to do when the final day at Foreman had passed. Many who attended College Night were relieved to finally know about all the requirements and advantages they were going to have at the college of their choice.

The Juniors are more adult now and they realize the responsibilities that will be handed down to them.

## FRESHMEN . . .

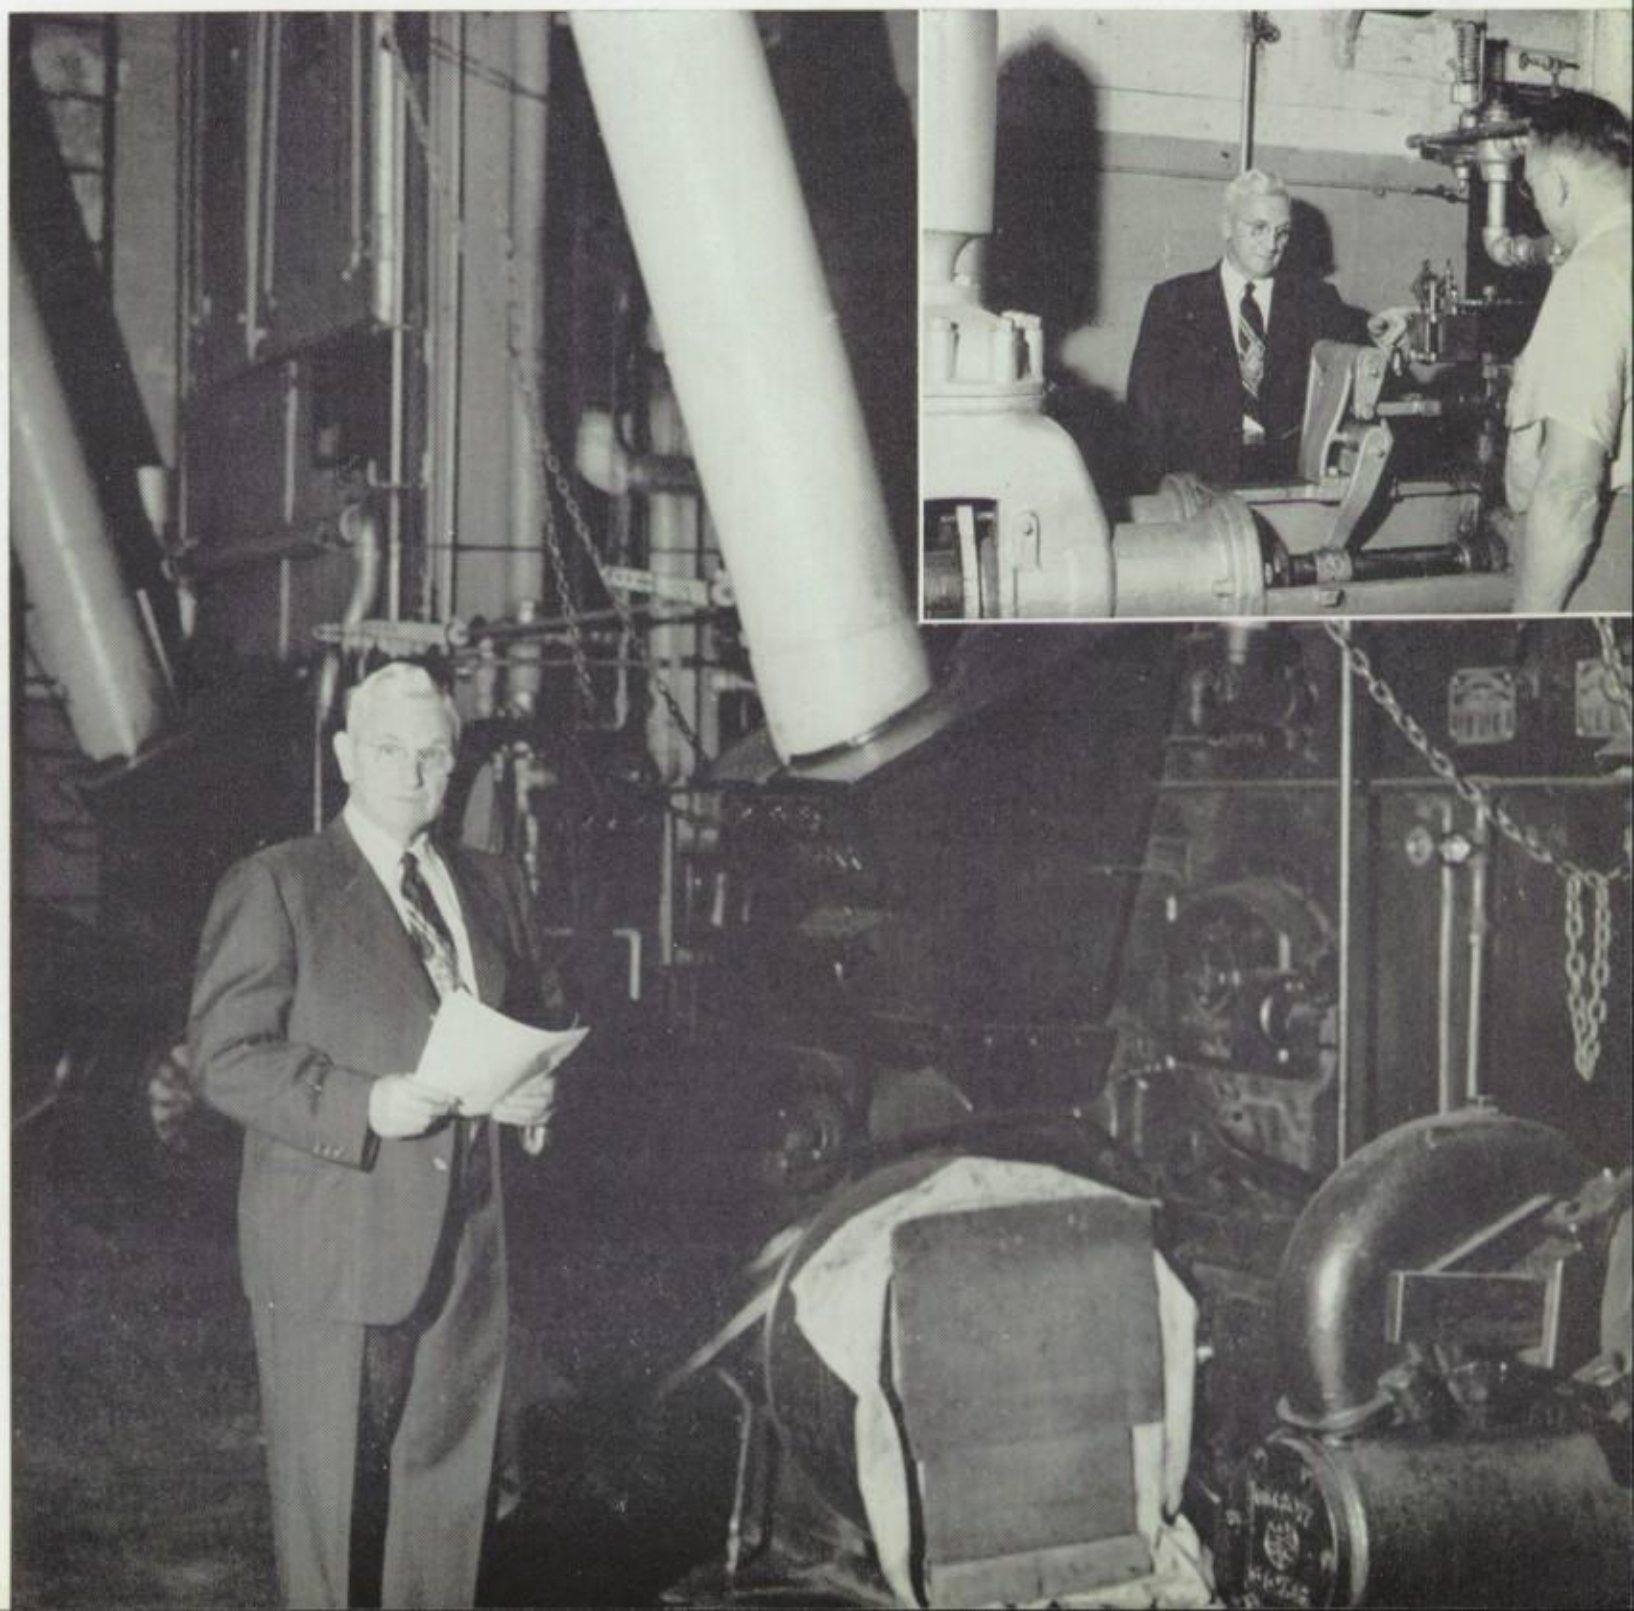

The first year is over! It seems almost impossible that they're sophomores now. The year has gone by so quickly. The boys have begun to become well-known for their prowess and skill in sports, and the girls are frantically recording points hoping to receive their bar pins. All of them are chanting verbs during their lunch hour studying for exams in foreign languages.

Everything is so new and different! The school seems so much larger, the seniors so much taller, and all of it is new and bewildering.

# *They Keep Machines Humming*

Maintenance of the Foreman High School building is a phase of school business that is taken for granted. Little thought is ever given to the people who work long hours to keep our school warm and comfortable. Foreman has a clean building and a neat campus which is partly due to the help of the student body, but the greater part of the job is done by the capable engineering staff under the supervision of Mr. Wallace Fee and his able assistant Mr. David Weiberg. Through their continuous efforts our school has become the pride of the northwest community.

## Leaders Leave Their Mark

### THE NATIONAL HONOR SOCIETY . . .

The National Honor Society, a national group composed of a small percent-  
age of students from high schools all over the country, is the most important  
organization at Foreman. From the freshman year the students have striven for  
membership. Students are selected for this organization on the basis of high  
scholarship and citizenship. During the year, National Honor Society members  
helped with the various activities at Foreman, and were always found participat-  
ing in many extracurricular activities. Miss Costello sponsors and supervises the  
group, and plans with the officers the various activities of the society.

# The Road To Success

## THE JUNIOR HONOR CLUB . . .

The Junior Honor Club, sponsored by Mrs. Harte, is a group which is dedicated to working toward greater achievements.

The meetings are well thought out and a great deal of planning goes into their preparation. The members discuss types of jobs, college requirements, and the benefits of high scholarship.

All the members are striving to keep their grades high in order to reach their ultimate goal, the National Honor Society.

## SOPHOMORE HONOR CLUB . . .

Although they've only been at Foreman for one and a half years, they have already attained a proper hold upon the goal for which they are striving. Membership in this club is never taken for granted. They have worked well and they know now that their efforts are being rewarded. The well planned meetings consist of a mixture of fun, entertainment and discussion.

Foreman is proud of their worthwhile achievements and knows their efforts will be acknowledged in forthcoming years.

# Competition With The Best

## CHECKER CLUBS . . .

Members of the Checker Clubs enjoy the excitement of competition among friends. The game calls for good thinking and planning of the next "move" in order to defeat some of the skilled players at Foreman. These clubs are popular among the students for the friendly atmosphere that is ever present during those pleasant club periods. It seems that the game is most exciting when the period ends, so everyone leaves with a firm resolution to win next time.

## ORCHESTRA . . .

The orchestra, directed by Mr. Robert Grubbe, is a group composed of some of Foreman's most talented students. Through the efforts of all its members, the orchestra has continued to improve during the past year. The orchestra renders great service to the school by participating in special assemblies and graduations.

Many of the members of the orchestra also belong to the band. They devote their time and talent to both groups in order to give more enjoyable music to Foremanites and their guests.

# Variety From Chopin To Berlin

## CONCERT BAND . . .

Throughout the past year many high points have been found on the band's calendar. During the city-wide competition Foreman received a rating of Superior for their able performance. The band has been making a tour of neighboring grammar schools to demonstrate to the students the fine quality a band can achieve, and to promote interest among future Foremanites in band membership.

## HOSTESS CLUB . . .

We would like to introduce to you a new service club at Foreman. It is held under the direction of the Home Economics teacher Mrs. Sypien.

Under proper guidance, the girls learn to become good hostesses. Entertainment ranks high on the list along with menu planning and movies instructional. Planning menus for informal and formal parties is an important project for the club, as they serve at games, school meetings, and special events.

The girls at Foreman have a wonderful opportunity to learn more about Home Management and to become better hostesses through experience derived from this club. The club is open to all girls at Foreman who have previously had Home Economics.

## GOLF CLUB . . .

The Golf Club has been organized with two objectives in mind. The first is to provide an opportunity for those who already play, to practice their game and receive help in both the game and its rules. The other is to form a golf team from the members of the club, to represent Foreman in the golf competition that occurs each Spring between the high schools of the city.

Last year was our first year in this competition and while we did not win our section title, we did very well, winning two matches and losing two. Most of last year's team has graduated, but with good players coming up, we hope to stay in competition.

## *F Is The Symbol Of Leadership*

Foreman is very proud of the Lettermen. This club consists of students who are outstanding in sports. From the day many a freshman enters the school, it is one of his fondest dreams to someday wear the golden "F" on a Foreman sweater.

Earning letters require good performance in academic subjects as well as in athletics. A letter is not acquired easily, but only by continuous endeavor. Letters can be earned by playing on the baseball, basketball, or football teams.

### YOUNG TRAVELERS . . .

They have never been to the ruins of Rome, the Pyramids of Egypt, or the Alps of Switzerland, but the young travelers have seen them through their many imaginary trips via film.

They've learned of the customs and habits of different countries, and have become acquainted with the people. Traveling is expensive, but armchair traveling provides a stimulating substitute.

## Reviews And Previews

**SCHOLARSHIP REVIEW CLUB . . .** The Scholarship Review Club, under the leadership of Miss Harkins, was organized in order to allow the graduating senior to equip himself with some knowledge of examinations before taking an actual scholarship examination.

Many students have failed these tests because they become nervous at the sight of the test and were not capable of working well. During the club meeting, they look over old copies of similar tests which were being given by the schools and actually take a few timed written examinations in order to become accustomed to working under the pressure of a time limit.

They feel the need of such examinations and the need to refresh memories on the material they have learned during high school.

**MAGAZINE EXCHANGE CLUB . . .** The Magazine Exchange Club is supervised by Miss Kuklin for the complete enjoyment of its members. Since a comparatively small number of people can afford several monthly subscriptions, this club offers the opportunity to exchange various types of magazines with others which hold an interest for the individual.

## THE BIOLOGY CLUB . . .

The biologists of Foreman are sponsored by Mrs. Dobrath. In this club the members satisfy, in a small way, their natural desire to understand and interpret some of the phenomena of the living world. The activities of the club are formed for both the beginner and the more advanced students. Some learn to use the microscope, while others study living materials or dissection. All simple blood techniques are studied and discussed, such as hemoglobin testing and the making of blood slides. These experiences contribute to life enrichment.

# What Is Personality?

## PSYCHOLOGY CLUB . . .

Life is confusing and complex but those having a knowledge of psychology have an opportunity to learn more about life and to better understand it. There are many problems and questions which seem unanswerable that are made clearer by an understanding of psychology.

Miss Moore has accepted the task of giving the members of her club a preliminary study of the subject. She lectures and leads discussions which are interesting and informative. The members are able to ask questions and discuss the meanings of problems or situations they have encountered. In this way they are able to review many different cases and situations and the scope of their psychological knowledge is widened.

#### Standing—

Lou Ann Epstein, Rosemarie Di-Leonardo.

### POETRY CLUB . . .

Our small group spends its club time not only writing poetry, but reading the works of many famous poets. Doing these things helps us to understand the different types of poetry.

With the help of our program committee under the direction of our sponsor, Mrs. O'Connor, and with the co-operation of the group, we have gained a better knowledge and appreciation of poetry.

## MODERN PRISCILLAS . . .

Some time in a teen-age girl's life she feels like doing some sort of handicraft. Some girls crochet, while others patiently knit; purl one, drop two. A few girls tried tatting which is rather hard. Through Miss Timko's help, many girls have learned to do things which they thought they could never do. After a club meeting the members go around feeling very well indeed, for they are carrying on a great American tradition, that of handiwork.

## YOUNG POLITICOS . . .

The Young Politicos Club under the leadership of Mr. James D. Linden took steps forward in developing better citizens of tomorrow. Through many discussions on different topics of the day, they have learned to sift the truth from propaganda. Many of the club members during the Thanksgiving vacation went to Springfield and New Salem, Illinois, to see our state capital, and interesting land marks of Lincoln. They all enjoyed going through Lincoln's tomb, Lincoln's home and visiting New Salem Village.

## PROJECTOR CLUB . . .

Students who belong to the Projector Club give a service to their school as well as acquire some knowledge for themselves concerning the use and care of projectors and films. They also have the duties of operating projectors, slides and filmstrips, also setting up screens and the splicing of films that belong in the permanent film library.

There is usually time for social gatherings in the way of one or two parties a year. After several hours of service, which usually takes two years or more, they are presented with a Projector Foreman letter. The membership is limited to students who can maintain a "G" average. The Projector Club is under the capable direction of their sponsor Miss Jerome.

# Working Toward Success

## JUNIOR ACHIEVEMENT . . .

Junior Achievement plays an important role in the lives of all the teenagers that belong to it. J.A. began in 1919 in the dawn of the "Roaring '20's". A man conceived this idea, which has grown to encompass the United States. His name was Horace Moses of Massachusetts. He felt the need for an activity giving to youth the basis upon which Americans thrive — Free Enterprise — the American Way.

### Junior Achievement Club

*Seated*—Nancy Hengels, Walter Mariaw, Al Lanz, Conrad Schuh, Margaret Trybus, Patti Miller, Marilyn Mangini.

*Row Two*—Kenneth Kozak, Lee Landauer, Eileen Peters.

*Row Three*—Fred Schoenfeld, Miss Kinderman, Wayne Kraiss.

## MATH REVIEW . . .

One of the main purposes of the math review club is to familiarize the members of the club with college entrance examinations. In order to do this, the club tries to solve problems that have been used in entrance examinations at various colleges.

Any problem in math that may be bothering a member of the club, is taken up in the club meeting and discussed by the entire club. The club deals mainly with phases of Algebra, that may be rather obscure in the minds of its member.

## TYPING STARS . . .

The ambitious typists of the junior class have formed a typing club under the direction of Mrs. Fox. Their goal is to increase typing speed while decreasing errors. The time is devoted to speed drills and the diagnosis of errors so that each one may learn about her individual problems, and can devote some time to practice remedial drills in order to overcome them. A chart indicates the number of words per minute that each member is able to type without error, and her individual progress. The members learn the operation and maintenance of the various typewriters that are demonstrated by their instructor.

## INSTRUMENTALISTS CLUB . . .

In case they are wondering, the lilting melodies they have heard during club periods were produced by members of the Instrumentalists Club. The club consists of most capable musicians and is directed by Mr. Robert Grubbe.

The club's object is to give its members an opportunity to perfect skill by playing various types of music.

## WRITING FOR PLEASURE . . .

The Writing for Pleasure club aims at the full realization of its title; it hopes to aid its members to find genuine pleasure in writing. Whether through the invention of plot endings for stock formulas given at meetings or through individual attempts at articles and stories, the goal is the same — enjoyment and fun via creative activity.

**BUSINESS MEN'S CLUB . . .** The Business Mens Club was organized two years ago under the leadership of Mrs. Fagan. The club is composed of young men with high ambitions who expect to be the successful business men of tomorrow. Through membership in this club they are striving to attain knowledge to enable them to fulfill their goals, expert training in business procedures, executive abilities and high standards of integrity.

**HARMONICA CLUB . . .** The Harmonica Club was formed by six boys and one girl with a mutual interest in this musical instrument. With the help and guidance of Miss Adamson, the club has been a big success.

**PUBLIC ADDRESS CLUB . . .** The members of the Public Address Club, under the able direction of Mr. Itnyre, learn the proper methods of operating the equipment in sound and light projection.

## C. I. T. CLUB (Counselors in Training)

The C.I.T. Club, formerly known as the Girl Campers Club, was organized in September, 1953 at Foreman in order to introduce camping activities to interested girls and to aid these girls in the acquisition of knowledge and in the development of those skills which will be helpful to them when applying for counseling positions.

The C.I.T. Club members include girls from all four classes; however, only girls in the Junior and Senior classes are invited to join the after school C.I.T. class group which is given detailed instruction regarding camp counseling. Many Foreman C.I.T. girls may well be camp counselors of the future.

Although it is a time during the school day when there is a break in our academic studies, still the members have an opportunity to apply their intelligence and knowledge over a chessboard filled with chessmen trying to "checkmate" their opponents.

The aims of the Chess Club are to further interest in the game of chess and to provide its members with recreation. The only requirements are an interest and a willingness to play the game. Anyone who enjoys chess or anyone wishing to learn the game is always welcome.

## BARBER SHOP HARMONY . . .

During club periods harmonic sounds have been heard emanating from Room 326 under the leadership of Mr. William Moseid. It was the Barber Shop Harmony Club in action. This club, consisting entirely of boys, was organized with two motives in mind, first to provide a barrel of fun and second to give these golden-throated young men a chance to entertain at various school functions. From the sounds which have been heard, it is a certainty that the club's motives have been accomplished.

# To Each His Own Hobby

**THE TALL STORY CLUB . . .** The objective of the Tall Story Club is to enable each member to tell a big "whopper." A ten inch perch can be stretched into a ten pound wall-eyed pike.

The members tell stories and make them as tall as possible. For example, "I was raising popcorn one year and it got so hot the corn popped. The crows thought it was snow and froze to death."

The purpose of the club is to provide its members with a greater appreciation for real humor and to help them obtain more pleasure out of life by developing a keen sense for this humor.

**STAMP CLUB . . .** Stamp collecting is one of the oldest hobbies on record. Foremanites have formed a Stamp Club with three ideas in mind. The first is to create an interest in the origin of stamps. The second is to further the knowledge of stamps, and the third, ways in which one may obtain these various stamps. The members increase their collections by trading with one another. Incidental benefits of this club are an increased knowledge of the world's history and geography.

## TYPING TYROS . . .

Typing Tyros is composed of members who have had one or more courses in Typing. They have some skill, but want to improve their techniques. Each member brings something she would like to type. It may be a paper for another class, a letter to a friend, or a job application. None of the projects are just for practice. Each item typed is used in school or at home. This gives the girls the opportunity to type an entirely different type of material than that done in regular Typing classes. The sponsor is there to help any member arrange her individual problem in the best typewritten form.

### **LIBRARY ASSISTANTS . . .**

Working in a library is a pleasant experience for anyone and naturally the surrounding makes the student inquisitive.

The library assistants, directed by Miss Wolan, is an organization for girls wishing to increase their knowledge of the library while they perform an able service for the school. Being an assistant enables the girl not only to work among all of the books, but also to learn more about them. Each assistant has ample time to browse through the entire Foreman library and certainly enjoys doing so.

**SOCIETAS LATINA . . .** The Societas Latina received its name in a constitution drawn up twenty years ago by a committee of its members. It has been following that constitution all these years.

Anyone who is studying Latin or who has studied it is eligible and welcome to membership. Each member takes his turn serving on a committee to plan the activities for meetings. It's an opportunity to show leadership, originality, and ability to work with a group and at the same time have fun with Latin.

Following the offices held by the ancient Romans in their republic form of government the club is ruled by two consuls instead of a president and a vice-president, a scribe instead of a secretary, a quaestor instead of a treasurer, and two lictors instead of sergeant-at-arms.

The motto of the club, also set up by the founders, is "Operae Pretium Sit," meaning "May the work be worth the cost."

# Future Teachers Of America

The FTA provided excellent information and pleasure for the members. The first meeting, held on October sixteenth, included initiation of twelve new members after which Diane Schaedel, an alumnus of Foreman, presented an illustrated talk concerning Northern Illinois State Teachers College. Other monthly meetings included an informative talk by Dr. Jerome Sachs of Chicago Teachers College, an inspirational address by Miss Marjorie Moore, an English teacher of Foreman, and a farewell party to honor the graduating members. All meetings were attended by our most loyal supporter, Dr. George W. Connelly, and were planned by the club officers, and Miss Veda Stern, the club sponsor.

## FOREMANUAL STAFF . . .

At the end of each school year, shouts of glee are heard throughout the halls of Foreman. The students have just received their FOREMANUALS and as they turn each page, they know that these memories will always be preserved in their libraries. Days, months, yes perhaps even years later, they will indulge in day dreams and once again reflect upon their happy days at Foreman.

**GERMAN CLUB . . .** Although the German Club is interesting and entertaining for German students, it holds an attraction for any pupil who enjoys a good time.

During the regular club periods, the members play various games such as German Bingo; they sing both German popular and folk tunes and they discuss plans for activities that are held outside of school.

The German Club annually holds an outing during the spring or fall, which includes the roasting of marshmallows and wieners, sports and other games. A good time is had by all.

Another big event is the club's project of the annual Mother's tea, which is usually held during the Christmas season. Besides a fine program, the club provides a Santa Claus for the younger members of the family.

These are a few reasons why the German Club is very popular with the students at Foreman.

The FOREMANUAL staff wishes to express its deepest appreciation to Mr. Roy a Solem and Mr. Peter Galang of Marshall Photographers, Incorporated, and Mr. Leander W. Hagerty of Leander Publishing Company for their great efforts in the preparation of the 1955 FOREMANUAL.

### FOREMAN NEWS STAFF . . .

The FOREMAN NEWS is a very important part of Foreman's extra-curricular activity. All the students anxiously look forward to the appearance of the paper, bi-monthly.

The talented news staff works very hard to publish a newspaper that will be of interest to everyone. The staff encourages everyone to contribute to the newspaper so that it will appeal to all.

The newspaper includes sports, special events, views of campus leaders, and the gossip column. The staff is headed by Miss Cavoit, who does a very efficient job in directing the young journalists.

**SOCIAL CENTER . . .** The Foreman Social Center is but two years old. It has shown much progress under the direction of Mr. H. P. McHale.

The entertainment committee has arranged many rollicking shows which have been enjoyed by all. The "Roaring 20's" skit brought back joyful memories to the adults present and proved entertaining for the students. The Halloween entertainment brought chills and scares to all and the salute to Broadway put a song in everyone's heart. The seniors took special pride in entertaining at the dance in their honor. The faculty has also aided by adding their talents on special occasions such as the Faculty Foolery.

# Hornets In Action

Football is part of the American way of life. It provides excitement and thrills galore to the spectator. To the player, it provides rugged competition and a way of working together as a team.

School spirit is part of football. Millions of people attend college and high school games each season, just to cheer their teams on. Fans who go to games only during winning seasons are not loyal rooters. Teams must be supported during both winning and losing seasons.

# Shooting High

**BASKETBALL . . .** Basketball has always been a favorite sport at Foreman. The students have loyally supported the team. Though small in size but big in spirit, the Foreman cagers were always in there fighting for the West section crown.

This year's varsity didn't take the championship but they gave their opponents a lot of trouble. The team was hurt by the mid-season graduation of Anton Petran and Chris Thudium and lack of height. Boys like Bob Ross, Ron Black, Carl Hoffman and Earl Cummings put up a good showing in each game.

Although many boys are graduating, replacements from the frosh-soph team along with the return of this year's varsity should prove to be a team hard to beat.

Coach John Malo spent a year studying under a Ford Foundation Fellowship. He returned to Foreman in September to find a basketball team crippled by the graduation of the entire team. He worked long hours to develop the usual Foreman cagers and expects to be in the play-offs again in '56.
